

Hello

I am here to say I support V.R.S. We need funding to improve our quality and give us a clearer video picture, wireless access and use MAC computers. It makes it hard for companies to improve with limited funding.

We need the path of communication for the deaf and hard of hearing to be open. If you still continue to suppress the deaf in communicating then you will just be failing our deaf community.

We value our VRS . Please do not prevent our future from not succeeding in VRS. Please adopt the appropriate rate and regulatory requirements to ensure the full access and quality service to VRS.

Thank you for listening,

Jean Hernandez
